We are pleased that more student counselors have joined the staff of the drop-in center. This enables the center to be open longer hours everyday. The drop-in center is getting excellent student response this semester. Please feel free to use its resources and attend the programs being offered.

IDEAS ON COOPERATIVE EDUCATION?

In order to provide a comprehensive and viable program I am attending a series of training seminars given by Northeastern University's Center for Cooperative Education. I invite any interested faculty, student, or administrator who would like to share ideas on Cooperative Education at MassArt to contact me at my office in Room B-7 (extension 62)
